REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The present invention is directed to a method and apparatus for operating peripheral media devices using a media device having a remote controller. Each independent claim identifies the uniquely distinct features: "verifying by the media device that a present external input source mode corresponds to which one of the peripheral media devices when the remote code is received from the remote controller; and converting by the media device the received code into a code corresponding to the present external input source mode in a form fit for the verified peripheral media device when the peripheral media device corresponding to the present external input source mode is connected to the media device and then transferring the converted code to the peripheral media device corresponding to the present external input source mode". All the references of record, either singularly or in combination, fail to anticipate or render the above underlined limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Trang U. Tran whose telephone number is (571) 272-7358. The examiner can normally be reached on 8:00 AM - 5:30 PM, Monday to Friday.
